3. ~~State Contribution to Employees Retirement Program.~~ The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.45 percent of payroll, including annual membership fees of \$3 for contributing members for each fiscal year.

**5.3. State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:

- a. the total cost of the basic life and health coverage for all active and retired employees;
- b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
- c. the additional cost of providing a premium structure comparable to the Children's Health Insurance Program (CHIP) for dependent children of state employees enrolled in the State Kids Insurance Program (SKIP).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees enrolled for coverage during that month.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the ~~2006-07~~ 2008-09 biennium.

~~6. Administrative Cost Provision. Funds identified above in A.1.3, Judicial Retirement System Plan 1, include \$120,000 in each fiscal year to reimburse the Employees Retirement System for the cost of administering the Judicial Retirement Plan 1.~~

**8.4. Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue Fund for the purpose of paying benefits as authorized by Government Code § 815.5072.

**9.5. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.

**10.6. Appropriation for State Kids Insurance Program (SKIP).** Pursuant to 1551.159, Insurance Code, VTCA, relating to the state's contribution for dependent children of certain state employees, funds identified above in Strategy B.1.2, State Kids Insurance Program, for group insurance are to be used for the costs of the State Kids Insurance Program (SKIP).

- 56. ~~Analysis of Multi-state Medicaid Drug Purchasing Pool.~~** Out of funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall conduct an analysis to determine the cost benefit and feasibility of establishing or joining a multi-state Medicaid drug purchasing pool. The Commission shall report the results of this analysis to the Legislative Budget Board and the Governor not later than January 15, 2006.
- 57.38. CHIP Enrollment.** In the event that appropriations are insufficient to sustain enrollment at authorized eligibility and benefit levels in CHIP, it is the intent of the legislature that the Executive Commissioner shall transfer necessary funds to Goal C, CHIP Services, pursuant to the notification and approval requirements contained in other provisions, and request additional appropriation authority from the Legislative Budget Board prior to establishing a waiting list and suspending enrollment pursuant to Health and Safety Code § 62.101.

- 61. Study Regarding Uncompensated Care.** The Health and Human Services Commission shall conduct a study of the components and assumptions used to calculate Texas hospitals' uncompensated care amounts. - 62.39. Medicaid Reimbursement for Immunizations.** The Health and Human Services Commission, in conjunction with the Department of State Health Services, shall develop and is authorized to implement a reimbursement fee schedule for its immunization program that compensates providers based on the number of antigens traditional components delivered to the patient. In no event shall the reimbursement for administering immunizations be less than the current program if it were based on an antigen delivered fee schedule. The Commission shall ensure that the change to an antigen-based fee schedule will not require higher overall reimbursement.
- 63. Medicaid Support and Information Services.** Out of the funds appropriated above in Goal B: Medicaid, such funds as are necessary to implement the project are allocated for the Medicaid Help Line authorized under § 531.0213, Government Code. - 66. Payment of August 2007 2009 Payments for Medicaid Managed Care and Children's Health Insurance Program (CHIP).** Funds appropriated above include a reduction of \$52.7 \$101.4 million in General Revenue and \$134.6 \$258.3 million in All Funds out of Strategy B.1.4, Children and Medically Needy, for fiscal year 2007 and a reduction of \$5.0 \$9.7 million in General Revenue and \$17.9 \$35.4 million in All Funds out of Strategy C.1.1, CHIP, for fiscal year 2007 2009. **69. Dual Diagnosis Pilot.** From funds appropriated by this Act, the Health and Human Services Commission is authorized to utilize up to \$75,000 per year to provide a grant to a non-profit organization to develop a pilot project directed at enhancing the well being and care of citizens who are dually diagnosed with mental retardation and mental illness.

The project will create and design a regional delivery system that ensures a dually diagnosed individual access to a full array of services and supports as needed. This system will include the clinical best practice model for successful outcomes. The system will include input and participation with local MHAs, local MRAs, community health centers, state mental retardation, and mental health facilities within the region, community providers, and advocates. **72. It is the intent of the Legislature that the agency re-direct savings accrued from implementation of the bill in order to reduce the amount of non-General Revenue funding for the provision of Medicaid services to the Medically Needy. These General Revenue funds shall be expended as specified in this provision only in the event that the Commission receives a contribution of local matching funds for the Medically Needy program.~~

**43. Medicaid Reform Waiver.** Contingent on findings that a Medicaid reform waiver is cost effective and feasible, the Health and Human Services Commission shall seek a Medicaid reform waiver or waivers from the Centers for Medicare and Medicaid Services. The Medicaid reform waiver(s) should incorporate the following principles:

**Sec. 44. Limit on Spending New Generation Medication Funds.**

- a.—It is the intent of the Legislature that the Department of State Health Services and the Department of Aging and Disability Services utilize funds appropriated for New Generation Medications for no other purpose than the provision of New Generation Medications. This limitation shall apply to funds appropriated for New Generation Medications in the following strategies at the Department of State Health Services: B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, B.2.3, NorthSTAR Behavioral Health Waiver, and C.1.3, Mental Health State Hospitals; and in the following strategy at the Department of Aging and Disability Services: A.8.1, MR State Schools Services.
- b.—Notwithstanding the limitation described above, the department shall allow a local mental health or mental retardation authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.
- c.—To the extent that the local authorities are able to obtain private sector donations of medications for clients and/or financial contributions for the purchase of new generation medications in Strategies B.2.1 and B.2.2, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

**Sec. 46.38. Donations from Individuals, Community Groups and Volunteer Services Councils.** It is expressly provided that the Department of State Health Services and the Department of Aging and Disability Services, in accordance with § 533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state mental health facilities and the state mental retardation facilities from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

**Sec. 47.39. Contracted Medical Services.** It is the intent of the Legislature that the Department of State Health Services (DSHS) and the Department of Aging and Disability Services (DADS) will not pay more than the approved reimbursement rate set by the Health and Human Services Commission for hospital services provided to an indigent DSHS or DADS consumer in a private or public hospital.

**Sec. 48. Efficiencies at Local Mental Health and Mental Retardation Authorities.** It is the intent of the Legislature that the local mental health and mental retardation authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. Local mental health and mental retardation authorities shall also maximize third party billing opportunities, including Medicare and Medicaid.

It is the Legislature's intent that local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategy A.4.3, MR Community Services, or Strategy A.4.4, MR Community Services Residential, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF-MR services.

**Sec. 49. Appropriation Reduction for the Provision of Services to the Medicaid Aged/Blind/Disabled Population.** Appropriations to the Health and Human Services Commission made elsewhere in this Act are hereby reduced by \$36,500,000 in General Revenue Match for Medicaid and an estimated \$56,350,000 in Federal Funds for fiscal year 2006, and by \$73,000,000 in General Revenue Match for Medicaid, and an estimated \$111,700,000 in Federal Funds for fiscal year 2007. In order to achieve the level of savings anticipated by this provision, it is the intent of the Legislature that the Commission utilize cost-effective models to better manage the care of the aged/blind/disabled Medicaid population including primary care case management (PCCM), HMO carve-out, or integrated care management (ICM).

It is specifically provided, however, that funds appropriated for the provision of services to the Medicaid aged/blind/disabled population may not be expended to expand the use of any capitated managed care model which would eliminate existing federal matching payments to local public hospitals under federal upper payment limit (UPL) regulations. The implementation or expansion of managed care models is further subject to the following provisions:

- a. The Commission shall develop an equitable allocation of the appropriation reductions made herein to each of the service delivery areas listed below and shall establish an appropriate share of the savings target to each managed care organization in that service delivery area—Bexar, Dallas, El Paso, Harris, Lubbock, Nueces, Tarrant, and Travis.
- b. As authorized by law, the Commission shall develop an Integrated Care Management model for the provision of medical and health care services to the aged/blind/disabled population in the Dallas service delivery area. Subject to competitive procurement requirements and any necessary federal approval, the Commission shall implement the model by September 1, 2006 or as soon thereafter as practicable. Not later than August 1, 2006, the Commission shall establish an actuarial estimate of the savings expected to be achieved by the ICM model. To the extent necessary, the Commission is directed to adjust payments to hospitals, physicians, and home health providers in the service delivery area to ensure that the savings target is achieved.

- e. ~~In any service delivery area where a capitated managed care model for the aged/blind/disabled population is utilized (HMO carve out), not later than August 1, 2006 the Commission shall establish an actuarial estimate of the apportioned share of savings expected to be achieved by each managed care organization. To the extent necessary, the Commission is directed to adjust payments for administration, risk, and profit to ensure that the savings target is achieved.~~
- d. ~~The Commission may utilize the Primary Care Case Management model for the aged/blind/disabled population in a service delivery area only if the actuarial estimate of savings achieves the savings target for that area.~~
- e. ~~It is the intent of the Legislature that the Commission consult with public hospital officials and appropriate county officials in each service delivery area in determining the managed care model to be utilized in that area.~~
- f. ~~Contingent upon federal approval of any necessary waiver changes, the Commission may expend funds appropriated to the provision of services to the Medicaid aged/blind/disabled population to convert the Harris County STAR+PLUS model to an HMO carve out model as soon as practicable.~~
- g. ~~Medicaid funds appropriated to the Department of Aging and Disability Services and the Health and Human Services Commission may be transferred between the agencies during the 2006-07 biennium to support the implementation of models of care under sections (b), (e), and (d). The Commission shall notify the Legislative Budget Board and the Governor of the amounts to be transferred for this purpose. The notification shall indicate the impact to performance measures at both agencies. The Commission shall provide a final notification update November 1, 2006 on amounts to be transferred and the impact to performance measures.~~

**Sec. 50.40. Alternatives to Abortion.** From funds appropriated in Strategy B.1.3, Family Planning Services, Department of State Health Services, \$2,500,000 each year of TANF federal funds initially designated to be converted to the Title XX Social Services Block Grant is transferred to the Health and Human Services Commission to be expended as TANF federal funds through grant or contract. The Health and Human Services Commission shall expend these funds, consistent with federal and state law, to implement a statewide program for women seeking alternatives to abortion focused on pregnancy support services that promote childbirth.

**Sec. 51. Equal Opportunity Principles in Contracting for Social Services.** The legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. § 604a.

**Sec. 52.41. Transfers of Funds for Consolidated Support Services.** The Health and Human Services Commission (HHSC) is authorized to return funding at the Commission to the appropriate HHS agency for support functions and programs consolidated at the Commission. HHSC shall notify the Legislative Budget Board, Governor, and the Comptroller prior to making the transfers.

- a. Funds related to consolidated programs and support services shall be returned to the Department of Aging and Disability Services (DADS), the Department of Assistive and Rehabilitative Services (DARS), the Department of Family and Protective Services (DFPS), and the Department of State Health Services (DSHS). These funds will be matched with available federal funds and expended under interagency memoranda between HHSC and each agency.
- b. Transfer limitations elsewhere in this Act do not apply to this provision.
- c. By July 1 preceding the start of each fiscal year, the agencies of Article II shall provide a report by strategy that reduces funding at HHSC and increases funding by the same amount at DADS, DARS, DFPS, and DSHS.
- d. The transfers shall be made prior to the start of the fiscal year.
- e. The loss of funds at HHSC shall be replaced by increased interagency contracts in the

method of finance.

- f. This transfer shall not result in a change in total funding in Article II.

**Sec. 53.42. Exemption of Federal Funds from Article IX, Capital Budget Provisions.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements for the receipt and expenditure of federal funds, the Department of Aging and Disability Services, the Department of Assistive and Rehabilitative Services, the Department of Family and Protective Services, the Department of State Health Services, and the Health and Human Services Commission are hereby exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures -- Capital Budget," when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and when such funds are designated for the purchase of capital items. The agency shall notify the Legislative Budget Board and the Governor upon receipt of such federal funds, including the amount received and the items to be purchased, and shall not expend such funds without approval of the Legislative Budget Board and the Governor. The proposed expenditure shall be considered to be approved if neither the Legislative Budget Board nor the Governor issues a written disapproval not later than:

- a. the 10th business day after the date the staff of the Legislative Budget Board concludes its review of the proposed expenditures and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
- b. the 10th business day after the receipt of the proposed expenditures by the Governor.

**Sec. 54. Contingency Reduction for House Bill 10: Department of Aging and Disability Services.** Contingent upon enactment of House Bill 10 by the Seventy-ninth Legislature, Regular Session, or similar legislation that appropriates approximately \$62,200,000 in General Revenue and \$85,800,000 in Federal Funds to provide reimbursement for nursing facility services and community center services delivered in August 2005, the Department of Aging and Disability Services' appropriations in the following strategies are hereby decreased for fiscal year 2006 by the amounts indicated: Strategy A.6.1, Nursing Facility Payments, \$56,700,000 in General Revenue Funds and \$85,800,000 in Federal Funds; A.4.3, MR Community Services, \$5,300,000 in General Revenue Funds; and A.4.4, MR Community Services Residential, \$200,000 in General Revenue Funds.

**Sec. 55. Contingency Reduction for House Bill 10: Department of Family and Protective Services (CPS Reform).** Contingent upon enactment of House Bill 10 by the Seventy-ninth Legislature, Regular Session, or similar legislation that appropriates approximately \$200,039,844 in General Revenue Funds or Economic Stabilization Funds (Other Funds) and approximately \$248,100,549 in All Funds for child protective services reform, the appropriations made above to the Department of Family and Protective Services in Strategy C.1.1, CPS Reform, are hereby reduced by \$200,039,844 in General Revenue Funds and \$248,100,549 in All Funds.

The purpose of the valuation shall be to provide an impact statement of the annual administrative and operating expenses upon the actuarial soundness of the pension trust fund.

- 3. Updated Actuarial Valuation.** The Teacher Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Teacher Retirement System as of February 28 in those years when the Legislature meets in regular session. - 4. State Contribution to Teacher Retirement Program.** The amounts specified above in A.1.1, TRS-Public Education Retirement, \$1,139,378,709 \$1,254,219,307 in fiscal year 2006 2008 and \$1,184,953,857 \$1,317,916,864 in fiscal year 2007 2009, and A.1.2, TRS-Higher Education Retirement, \$259,466,436 \$323,192,487 in fiscal year 2006 2008 and \$272,439,757 \$346,467,817 in fiscal year 2007 2009, are based on a state contribution of 6.00 percent of payroll for each fiscal year, estimated.

~~Contingent on the passage of House Bill 10 or similar legislation and House Bill 3540 or similar legislation, the state contribution rate shall be 6.22 percent of payroll or a rate consistent with total appropriated funds for the purpose of the state contribution to TRS retirement for each fiscal year.~~

- 5. 2. **Clearing Accounts.** At their option, the institutions may use their local depository bank account in lieu of the special clearing account, authorized by Education Code, § 51.008(b), provided that the general requirements set out in therein, for deposits and transfers to the state treasury, are complied with.
3. **Revolving Funds**
  - a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
  - b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
  - c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.
5. **Investment Reports.**
  - a. ~~The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short term and long term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish on its website quarterly investment reports in any format it deems appropriate.~~
  - b. ~~The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by~~

The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment or travel incidental to the administration and supervision of the respective units.

**Sec. 8. Television Stations Prohibited.** None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

**Sec. 9. Intercollegiate Athletics.** The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

**Sec. 10. Prohibition Against Additional Museums.** None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use education and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

~~moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.~~

~~3.2. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.~~

~~4. Out of the additional funds appropriated for the 2006-07 biennium for the informational strategy described as "Scholarships," it is the intent of the Legislature that the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color or ethnicity of the student recipient.~~

**Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited.** None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

**Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.**

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

- ~~3. All courses taught off campus must be taught by a regular faculty member or administrator~~

who is employed at least half time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

**Sec. 15.14. Medical School Enrollment.** It is the intent of the Legislature that the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, ~~2006~~ 2008 and August 31, ~~2007~~ 2009, shall be no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. ~~In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2006 and 2007, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. It is the intent of the Legislature that this information be taken into account when preparing the appropriation recommendations for the Eightieth Legislature.~~

**Sec. 16.15. Tuition and Other Educational and General Local Fee Collection.** On or before the end of the 20th class day for each regular semester and the 15th class day for each summer session, each institution of higher education shall collect from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by Education Code, Chapter 54, as amended. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

**Sec. 17. Compliance with Uniform Recruitment and Retention Strategy.** ~~It is the intent of the Legislature that institutions of higher education give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.~~

**Sec. 18. 16. Formula Variable and Educational and General Income Audits.** The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board, shall clearly define all variables used by the ~~Seventy-ninth~~ Eightieth Legislature in arriving at formula appropriations for ~~2006~~ 2008 and ~~2007~~ 2009. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making ~~2006~~ 2008 and ~~2007~~ 2009 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years ~~2006~~ 2008 and ~~2007~~ 2009 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

**Sec. 19.17. System Offices Funding Authorized.** Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for

**Sec. 20. Annual Reports of Health Related Institutions Practice Plans.** ~~As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year, showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.~~

**Sec. 21.18. Self-insurance Funds.** Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

**Sec. 22.19. Elements of Un-sponsored Charity Care.**

The federal poverty level shall serve as an index for the threshold below which patients receiving care at The University of Texas Southwestern Medical Center at Dallas, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas M.D. Anderson Cancer Center, The University of Texas Health Center at Tyler, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center are deemed financially indigent. Financially indigent services include both noncovered services and contractual allowances for patients eligible for the Medicaid program and for the Children with Special Health Care Needs program, services provided under county indigent care contracts (Sec. 25), and services provided under other state or local government programs with eligibility indexed to the federal poverty level.
2. **Medically Indigent.** Un-sponsored charity care shall include unreimbursed services to the medically indigent. Medically indigent shall mean patients who are responsible for their living expenses, but whose medical and hospital bills, after payment by third-party payers, where applicable, exceed: (a) a specified percentage of the patient's annual gross income (i.e., catastrophic medical expenses) in accordance with a teaching hospital or clinic's formal eligibility system in such instances where payment would require liquidation of assets critical to living or earning a living; or (b) the criteria for determining a patient's inability to pay as established by the public health-related institutions listed in Sec. 22, 1. Financially Indigent.
3. **Charity Care Determination.** The determination that a patient is financially or medically indigent shall occur within 120 days of the patient's discharge from the hospital or clinic setting or within 120 days of the third party payor settlement.

Financially Indigent, shall include in their biennial legislative appropriations request information including the actual amount of unsponsored charity care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the definition of unsponsored charity care set forth in the section called "Elements of Unsponsored Charity Care."

**Sec. ~~24.21~~ Patient Income Eligibility Guidelines.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall use the federal poverty level indexed at an agreed-upon level as the guideline for determining indigent patient status, and those institutions' eligibility guidelines regarding copayment by patients deemed financially or medically indigent shall be the same.

The University of Texas Southwestern Medical Center at Dallas, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center may use as a basis for reporting indigent care statistical samples derived from indigent care determinations made by their affiliated teaching hospitals and designed to estimate the amounts of charity care provided using the definitions established by The University of Texas hospitals noted above.

**Sec. ~~25.22~~ County Indigent Care Contracts.**

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

**Sec. ~~26.23~~ Ethics Policy.**

1. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

**Sec. ~~27~~ Driscoll Children's Hospital.** No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health care needs, including pediatric cardiovascular diseases or in assuming the direct care of those children. **Sec. 28.24. Participation in Drug Development Research Projects.** A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.

**Sec. 30.26. General Academic Funding.** ~~For the 2008-09 biennium, funding amounts for general academic institutions will be determined using the following: consist of four formulas and supplemental items.~~

1. **Instruction and Operations Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. ~~The rate per weighted semester credit hour for the 2006-07 biennium is \$55.72. is \$63.13 for FY 2008 and \$60.64 for FY 2009.~~

Weighting is determined by the following matrix:

	<u>Lower Division</u>	<u>Upper Division</u>	<u>Masters</u>	<u>Doctoral</u>	<u>Special Professional</u>

increase by 10 percent per biennium, up to 50 percent.

**3.2. Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater and thermal energy. The average rate per square foot is ~~\$6.37.~~ \$9.26 for FY 2008 and \$6.56 for FY 2009.

**4.3. Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, indirect research costs recovered on grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. ~~Institutions may receive an appropriation for special items.~~ Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.

After individual institutional amounts are determined, formula amounts are allocated to the following fourteen elements of institutional cost: General Administration, Student Services, General Institutional Expense, Faculty Salaries, Departmental Operating Expense, Instructional Administration, Library, Organized Research, Plant Support Services, Campus Security, Building Maintenance, Custodial Services, Grounds Maintenance, and Utilities. Notwithstanding other provisions of this Act, appropriations allocated among these fourteen elements of institutional cost are transferable between items subject to the approval of institutional governing boards.

It is the intent of the Legislature that the Texas Higher Education Coordinating Board establish study committees pursuant to general law to recommend as nearly as practical new formula and/or non-formula items of appropriation for each of the above fourteen elements of institutional cost for use by the Eighth-first Legislature in making general academic appropriations for the 2010-11 biennium. These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded. These new formulas are to be recommended to the Legislature, Legislative Budget Board, and Governor by June 1, 2006 2008.

**Sec. 31.27. Health Related Institutions Funding.** Funding For the 2008-09 biennium, funding amounts for health related institutions shall consist of three formulas plus supplemental non-formula items. are determined using the following:

- 1. Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of ~~\$10,987~~ \$11,853:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.2.92
Nursing - Undergraduate	1.138
<u>Nursing - Graduate</u>	<u>1.252</u>
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum

formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$8.47 for all health related institutions, ~~excluding The University of Texas M. D. Anderson Cancer Center and The University of Texas Health Center at Tyler. For these two institutions, the per square foot rate is \$8.06.~~ is \$9.23 for FY 2008 and \$9.48 for FY 2009.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M. D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall be included in the total funding for hospital and patient care activities.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of ~~\$1,412,500 plus 1.73 percent~~ \$1,169,536 for FY 2008 and \$1,176,630 for FY 2009 plus 2.07 percent for FY 2008 and 2.08 percent for FY 2009 of its research expenditures as reported to the Texas Higher Education Coordinating Board.

Payments to County Prosecutors.** Out of the funds appropriated above, the district clerks in counties with more than four Texas Department of Criminal Justice TDCJ operational correctional facilities are to be allocated during each year of the biennium, an amount not to exceed \$12,000 annually, to be allocated in equal monthly installments. The allocation shall be used for the purpose of prosecuting persons charged with criminal violations on Texas Department of Criminal Justice property.
- 85. Expansion of Temporary Pre-Parole Transfer Beds.** The Board of Pardons and Paroles shall conduct a review of the pre-parole eligibility pool by September 1, 2005. Contingent upon the determination by the Board of Pardons and Paroles and approval by the Legislative Budget Board and the Governor's Office that there are sufficient eligible inmates available to be housed in such facilities, the Texas Department of Criminal Justice (TDCJ) shall request proposals from private vendors to operate temporary pre-parole transfer facilities (not to exceed 500 beds). If TDCJ receives proposals for pre-parole transfer facilities that are less costly than TDCJ's daily costs per bed for contracted temporary capacity, TDCJ shall enter into contract(s) to expand pre-parole transfer facilities. Any privately operated pre-parole transfer facilities TDCJ contracts with must provide job training, offender reintegration instruction, and life skill courses to inmates consistent with policies in effect at pre-parole transfer facilities operated by TDCJ.
- If TDCJ receives a proposal for a privately operated pre-parole transfer facility less costly than contracted temporary capacity, TDCJ shall transfer funds from Strategy C.1.10, Contracted

Temporary Capacity, to Strategy E.2.2, Residential Pre Parole Facilities.

TDCJ shall report to the Legislative Budget Board and the Governor's Office no later than December 1st any savings realized in the previous fiscal year resulting from transferring funds from Strategy C.1.10, Contracted Temporary Capacity, to Strategy E.2.2, Residential Pre Parole Facilities.

If funds are transferred from Strategy C.1.10, Contracted Temporary Capacity, to Strategy E.2.2, Residential Pre Parole Facilities, the amount of funds transferred in a given six-month period shall be reduced from the amount of funds specified for the period in Rider 77, Contracted Temporary Capacity.

69. **Faith-Based Correctional Facilities.** The TDCJ should seek to expand the number of faith-based correctional facilities to the maximum extent possible without utilizing appropriated funds in a manner inconsistent with state or federal law.
70. **Sunset Contingency.** Funds appropriated above for fiscal year 2009 for the TDCJ are made contingent upon the continuation of the TDCJ by the Eightieth Legislature. In the event that the TDCJ is not continued, the funds appropriated for fiscal year 2008, or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.

An additional \$500,000 shall be set aside in a reserve fund for each fiscal year of the biennium to allow mandated and non-mandated counties to apply for additional funds on a grant basis.

The remaining funds shall be allocated for distribution to the counties mandated by the § 37.011(a) Texas Education Code, at the rate of \$59 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under § 37.007, Texas Education Code, and are intended to cover the full cost of providing education services to such students. Counties in which populations exceed 72,000, but are 125,000 or less, may participate in the JJAEP, and are eligible for state reimbursement at the rate of \$59 per student per day.

##### SPECIAL PROVISIONS RELATING TO PUBLIC SAFETY AND CRIMINAL JUSTICE AGENCIES

**Sec. 2. Authorization to Receive, Administer, and Disburse Federal Crime Funds.** Out of funds appropriated above, the Texas Department of Criminal Justice, the Texas Juvenile Probation Commission, and the Texas Youth Commission, may allocate matching funds in order to secure federal grants for the construction, expansion, renovation, and operation of correctional facilities and services, as authorized by federal legislation. These agencies are authorized to receive and disburse, in accordance with plans acceptable to the responsible federal agency, all federal monies that are made available to the state for programs, projects, or services that otherwise could not be funded or undertaken without the receipt of such funding. Such federal funds are hereby appropriated to the specific purpose or purposes for which they are granted or otherwise made available. At least 45 days prior to any expenditure of such federal funds, documentation of the proposed use of the funds shall be provided to the Legislative Budget Board and the Governor.

**Sec. 3. Purchase of TDCJ Products.** It is the intent of the Legislature that state public safety and criminal justice agencies use products produced by the Texas Department of Criminal Justice to the greatest extent possible when either renovating existing facilities or constructing new facilities.

**Sec. 4. Prioritization of DNA Samples.** It is the intent of the Legislature that the Texas Department of Criminal Justice (TDCJ) prioritize the drawing of blood samples from inmates for the purpose of having these samples processed for DNA information needed for entry into the Department of Public Safety's (DPS) DNA database. The factors to be weighed by TDCJ shall include the severity of the offense, and the proximity to the time of release for the offender. It is also the intent of the Legislature that DPS prioritize any samples received prior to this Act taking effect with assistance from TDCJ using the above mentioned factors. At any time, DPS may request that TDCJ prioritize any particular sample for drawing and shipping to DPS, if DPS has information to the effect that the sample may provide evidence vital to a criminal investigation or judicial proceeding.

3. **Contingency Cash Flow.** If the Legislative Budget Board and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the board and Governor may authorize the Texas Commission on Environmental Quality (TCEQ) to temporarily expend general revenue funds for the purpose of meeting the temporary cash flow needs of the TCEQ, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the fiscal year in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
4. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality, and the enforcement of environmental and water rights laws of the State.
5. **Local Air Pollution Grants Allocation.** Out of the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, an amount not less than \$2,800,000 in each year of the biennium shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, § 382.0622. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.

If a local program does not enter into a cooperative agreement, TCEQ may contract with a third party to fulfill federal and state air pollution requirements (e.g. SIP obligations) within the local program's jurisdictional boundaries.

For the purposes of implementing activities supported in Strategy A.1.1., Air Quality Assessment and Planning, under the Health and Safety Code, § 832.0622 for the aforementioned activities, the TCEQ is exempt from provisions of Article IX relating to the inclusion of temporary or contract workers in the calculation of the number of full-time equivalent (FTE) positions by a state agency.

6. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to Tax Code, § 11.31, included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, is \$133,600 each fiscal year from fee revenue collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, § 11.31 on or after September 1, 2005 2007, in excess of \$133,600 in each fiscal year of the biennium are hereby appropriated to the agency.

7. **Authorization: Operating Fund.** The Texas Commission on Environmental Quality (TCEQ) is hereby authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

8. **Appropriation: Air Quality Planning.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$5,075,000 for the biennium for air quality planning activities to reduce ozone and other federally designated criteria pollutants as approved by TCEQ in areas including Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may include identifying, inventorying, and monitoring of current pollution levels; modeling future pollution levels; and the identification, quantification, and implementation of potential pollution reduction through voluntary appropriate controls. The areas receiving funds shall coordinate with the Texas Commission on Environmental Quality (TCEQ) to ensure that these activities are consistent with agency monitoring, inventory and modeling approaches and infrastructure.

Any unexpended balances from this appropriation as of August 31, ~~2006~~ 2008, are hereby appropriated for the same purpose for the fiscal year beginning September 1, ~~2006~~ 2008.

9. **Appropriations Limited to Revenue Collections: Occupational Licensing.** To the extent balances in account are sufficient to fund above, the agency is not to collect fees for purposes of Occupational Licensing Account No. 468 until necessary.

It is the intent of the Legislature that fees, fines and other miscellaneous revenues deposited to the Occupational Licensing Account No. 468 as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for strategy item A.2.4, Occupational Licensing, as well as the "Other direct and indirect costs" associated with this strategy, appropriated elsewhere in this Act. "Other direct and indirect costs" for strategy A.2.4, Occupational Licensing, are estimated to be \$311,354 for fiscal year 2006 and \$319,598 for fiscal year 2007. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

10. **Contract with the State Office of Administrative Hearings.** Included in the amounts appropriated above is \$938,860 in fiscal year ~~2006~~ 2008 and \$938,860 in fiscal year ~~2007~~ 2009 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Commission on Environmental Quality (TCEQ) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TCEQ. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TCEQ in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.

11. **Petroleum Storage Tank Administration.** Out of funds appropriated above in Strategy D.1.1, Storage Tank Administration and Cleanup, not more than \$7,385,406 in fiscal year 2006 and not more than \$7,399,000 in fiscal year 2007 in gross receipts to not more than \$7.7 million in each fiscal year may be transferred from the Petroleum Storage Tank Remediation (PSTR) Account No. 655 ~~may be transferred~~ to the Waste Management Account No. 549 for necessary expenses associated with the PSTR Account No. 655 and the groundwater protection cleanup program, in accordance with Water Code, § 26.3573 (d)-(e). Furthermore, the Texas Commission on Environmental Quality (TCEQ) shall not transfer funds, from the PSTR Account No. 655 from Strategy D.1.1, Storage Tank Administration and Cleanup, to any other strategy.

For the purposes of implementing activities supported in Strategy D.1.1, Storage Tank Administration and Cleanup, the TCEQ is exempt from provisions of Article IX relating to the inclusion of temporary or contract workers in the calculation of the number of Full-Time Equivalent (FTE) positions by a state agency.

**12. ~~Certification of Section 404 Permits.~~** Except for the review of a federal permit or license by the state that is required in order to maintain delegation of a federal program or to comply with a requirement of federal law, none of the funds appropriated above may be expended by the commission for the purpose of certification of a federal permit issued by the US Army Corps of Engineers under § 404 of the Federal Clean Water Act.

**13. ~~Texas Parks and Wildlife Environmental Special Investigations Unit.~~** Included in amounts appropriated above in Strategy C.1.2, Enforcement and Compliance Support, is \$250,000 out of Waste Management Account No. 549 for each fiscal year of the biennium for the purpose of supporting the Texas Parks and Wildlife Department's Environmental Special Investigations Unit to enforce state and federal laws on illegal dumping. This appropriation is contingent on a memorandum of understanding and an interagency transfer of the funds between the Texas Parks and Wildlife Department and the Texas Commission on Environmental Quality to jointly administer the program. Any unexpended balance of this appropriation from fiscal year 2006 is appropriated for the same purpose for fiscal year 2007.

**14.12. Federal Funds and Capital Budget Expenditures.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of federal funds, the Texas Commission on Environmental Quality (TCEQ) is hereby exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget", when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and such funds are federally designated solely for the purchase of specific capital items. In addition, TCEQ also is hereby exempted from the Capital Budget Rider provisions within Article IX of this Act when funds are received in the form of gifts to the agency in excess of amounts identified in the agency's Capital Budget Rider and such funds are designated solely for the purchase of specific capital items. The TCEQ shall notify the Legislative Budget Board and the Governor upon receipt of such federal funds or gift proceeds, of the amount received and items to be purchased.

**15.13. Appropriation: Refinement and Enhancement of Modeling to Demonstrate Attainment with the Clean Air Act.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$1,500,000 in fiscal year 2006 2008 for research to obtain the data and information to refine and enhance any model used to demonstrate attainment with the National Ambient Air Quality Standard (NAAQS) for ozone and other pollutants under the Federal Clean Air Act. These funds may also be used to collect data and for modeling to demonstrate attainment with the National Ambient Air Quality Standard for Ozone and other pollutants. The Commission on Environmental Quality may contract as necessary to carry out these activities.

Any unexpended balances remaining in this appropriation on August 31, 2006 2008 are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2006 2008.

**16. ~~Waste Tires.~~** Out of amounts appropriated above, the Texas Commission on Environmental Quality (TCEQ) shall enforce statutory requirements relating to waste, scrap, or used tires. It is the intent of the Legislature that all reasonable steps be taken to minimize the illegal storage, transport, or disposal of waste or scrap tires. The TCEQ shall audit or otherwise monitor businesses that sell, transport, or store such tires and identify illegal or improper activities as well as study methods for achieving a greater level of compliance for tire disposal within the State of Texas. The TCEQ also shall seek opportunities for coordination with other agencies, such as the Comptroller of Public Accounts, through interagency agreements or contracts. 4. **Housing Assistance.** The housing finance division shall adopt an annual goal to apply no less than \$30,000,000 of the division's total housing funds toward housing assistance for individuals and families in which the annual family income does not exceed the following amounts based on the number of persons in the family:

Number of Persons in the Family	Maximum Annual Income
1 Person	\$13,000
2 Persons	\$16,000
3 Persons	\$17,000
4 Persons	\$19,000
5 Persons	\$21,000

For each additional person add \$1,500. No less than 20 percent of the division's total housing funds shall be spent for individuals and families earning between 31 percent and 60 percent of median family income. In those counties where the median family income is lower than the state average median family income, the department shall use the average state median income in interpreting this rider. The department shall provide a quarterly report to the Legislative Budget Board documenting its expenditures in each income category.

5. **Local Site Visits.** From monies appropriated above, when the Department of Housing and Community Affairs receives a letter from the mayor or county judge of an affected city or county opposing an application for a federal tax incentive to develop rental housing, a site visit by an employee of the Department of Housing and Community Affairs with the mayor or county judge or their designated representative shall take place within 30 days following notification. The site visit must occur before the incentive can be approved. The Department of Housing and Community Affairs is authorized to obtain reimbursement from the applicant for a federal tax incentive for necessary travel and expenses at a rate not to exceed the federally authorized rate.
6. **Low/Moderate Income Housing Construction.** Out of the funds appropriated above, not less than \$500,000 each year of the biennium shall be expended on low/moderate income housing construction in enterprise zone areas.

7. **Low Income Assistance: Scoring Criteria.** It is the intent of the Legislature that the department add to its contract award scoring criteria for the construction, acquisition, or rehabilitation of single and multi-family housing, and for the operation of multi-family housing, a system that gives increased points for comprehensive services to low income citizens, such as case management, home buyer assistance, and family budgeting. The department is also encouraged to develop a sliding scale fee schedule for the low income tax credit program and the 501c(3) bond program to encourage increased participation by non-profit entities such as community development housing organizations.

8. **Limitation on Expenditure.** Under Strategy A.1.5, Federal Tax Credits, no funds shall be used for processing or approving applications for allocations unless the department adopts or amends administrative rules containing the following:

- a. All representations made by an applicant for an allocation are enforceable by the department, including enforcement by administrative penalties for failure to perform as stated in the representations and enforcement by inclusion in deed restrictions to which the department is a party.
- b. The department will require inspections of all construction for quality during the construction process while defects can reasonably be corrected.

**9.3. Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the strategy items in Goal E B, Manufactured Housing, the cost of the appropriations required for manufactured housing consumer claims payments according to the Occupations Code § 1201, Manufactured Housing Standards Act, as well as the "other direct and indirect costs" associated with this goal, appropriated elsewhere in this Act. **10. Mortgage Revenue Bond Program.** The Department of Housing and Community Affairs shall operate the First Time Homebuyer Mortgage Revenue Bond Program in a manner that maximizes the creation of very low income single family housing by ensuring that at least 30 percent of the lendable bond proceeds are set aside for a period of one year for individuals and families at 60 percent and below the area median family income (AMFI), while assuring the highest reasonable bond rating. In an effort to facilitate the origination of single family mortgage loans to individuals and families at 60 percent and below the AMFI, the department shall utilize down payment and closing cost assistance or other assistance methods.

**11. Conversions of Executory Contracts.** Out of the funds appropriated above, the department shall spend not less than \$4,000,000 for the biennium for the sole purpose of contract for deed conversions for families that reside in a colonia and earn 60 percent or less of the applicable area median family income. The department shall include the assessment of colonias needs in its annual state low income housing plan and report listing policy goals for its colonia programs, the strategies to meet the goals, and the expected outcomes.

**13. Bond Refinancing.** The department shall transfer any funds acquired through refinancing of bonds to the Housing Trust Fund. The first \$3 million each fiscal year in savings from the refinancing of any bonds shall be used to fund mortgage loans under the Bootstrap Self Help Housing Loan Program.

**14. Colonia Set Aside Program Allocation.** The Office of Rural Community Affairs shall allocate 2.5 percent of the yearly allocation of Community Development Block Grant (CDBG) monies to support the operation of the Colonia Self Help Centers and shall transfer such funds to the Department of Housing and Community Affairs on September 1 each year of the biennium.

Consistent with federal rules and regulations, the funds provided from ORCA to the Colonia Self-Help Center in El Paso county shall be used to provide Internet access and training for parents and their children attending elementary schools in Colonias, to establish Technology Centers within those elementary school libraries, to purchase wireless devices and laptop computers to loan out from the Technology Centers, and improve Internet access for students and parents.

Upon approval from the Legislative Budget Board, capital budgeted funds listed below under "Acquisition of Information Resource Technologies" may be used to lease information resources hardware and/or software versus the purchase of information resources hardware and/or software, if determined by agency management to be in the best interest of the State of Texas. This rider does not limit the use of federal funds obtained by the department.

2. **Reporting Requirements.** Within 90 days following the conclusion of a contract issued by the Office of Rural Community Affairs (ORCA) or, at the option of the contracting party, within 90 days following the conclusion of the contracting party's fiscal year during which a contract was in force, the contracting party shall provide to the Executive Director a full accounting of state funds expended under the terms of the contract. This requirement shall be a part of any contract entered into by ORCA and contracting entities. Failure of a contracting party to provide full accounting of state funds expended under the terms of any contract under the conditions stated above shall be sufficient reason to terminate that contract and for ORCA to deny any future contracts to that contracting party.

3. ~~**Coordination with Texas Water Development Board.**~~ The Office of Rural Community Affairs (ORCA) and the Texas Water Development Board (TWDB) shall continue to coordinate funds as outlined in a Memorandum of Understanding (MOU) so as to assure that none of the funds appropriated above are expended in a manner that aids the proliferation of colonias or are otherwise used in a manner inconsistent with the intent of the Economically Distressed Areas Program (EDAP) operated by the Texas Water Development Board (TWDB); and maximize delivery of the funds and minimize administrative delay in their expenditure. The MOU shall be amended, if necessary, prior to the distribution of the Colonia Fund in fiscal years 2006 and 2007. In distributing funds out of the Colonia Fund, ORCA shall provide top funding priority to those projects that are in EDAP funded areas and which assist colonia residents who cannot afford the cost of service lines, hook-ups, and plumbing improvements associated with being connected to an EDAP funded system. None of the funds appropriated above for Strategy A.1.1, Provide Grants, may be expended in EDAP-eligible counties that have not adopted, or not enforcing, the Model Subdivision Rules established pursuant to § 16.343 of the Water Code. No later than September 15, 2006, ORCA and the TWDB shall submit a joint report to the Legislative Budget Board that describes and analyzes the effectiveness of projects funded as a result of coordinated Colonia Fund/EDAP efforts including an estimate of the amount each agency has saved by reduced duplication of efforts. If there is an insufficient number of TWDB EDAP projects ready for Colonia Economically Distressed Areas Program (CEDAP) connection funding within 12 months after ORCA receives the federal letter of credit, the CEDAP funds may be transferred at ORCA's discretion as stated within the current Community Development Block Grant action plan.
4. ~~**Administrative Allocation: Councils of Governments.**~~ From the federal administrative monies made available to the Office of Rural Community Affairs under the Community Development Block Grant Program, an amount up to 19 percent of such monies shall be allocated for the councils of government, based upon agreements between the Office of Rural Community Affairs and each council of government, to continue staff support to the 24 Regional Review Committees of local elected officials appointed by the Governor and/or for other technical assistance services so long as the staff support activities comply with the rules, policies, and standards established by the US Department of Housing and Urban Development.
5. ~~**Colonia Set-Aside Program Allocation.**~~ The Office of Rural Community Affairs (ORCA) shall continue the Community Development Block Grant (CDBG) Colonia Set-Aside Program by allocating not less than 10 percent of the yearly allocation of CDBG funds for eligible activities to assist in providing for the housing, planning, and infrastructure needs in colonias. From this 10 percent yearly allocation, \$2,000,000 shall be reserved to provide financial assistance to units of general local government located in economically distressed areas as defined by § 17.921, Water Code, to pay for residential service lines, hookups, and plumbing improvements associated with being connected to a water supply or sewer service system, any part of which is financed under the economically distressed areas program established under Subchapter J, Chapter 16, Water Code and Subchapter K, Chapter 17, Water Code. ORCA by rule shall provide that an application for assistance under the program hereby authorized may be submitted after construction of the water supply or sewer service system begins. ORCA shall approve or disapprove a timely application before construction of the water supply or sewer service is completed in order to eliminate delay in connection once construction is completed. ORCA shall coordinate the application process with the Texas Water Development Board to avoid duplication of effort and the necessity for applicants to submit dual applications.

In addition, ORCA shall allocate 2.5 percent of the CDBG monies to support the operation of the Colonia Self-Help Centers and shall transfer such funds to the Department of Housing and Community Affairs on September 1 of each year of the biennium.

Consistent with federal rules and regulations, the funds provided from ORCA to the Colonia Self-Help Center in El Paso county shall be used to provide Internet access and training for parents and their children attending elementary schools in colonias, to establish technology Centers within those elementary school libraries, to purchase wireless devices and laptop computers to loan out from the Technology Centers, and improve internet access for students and parents.

- a. State agencies that are appropriated funds from the receipts collected pursuant to the Comprehensive Tobacco Settlement Agreement and Release, including distributions from funds, shall submit a budget by November 1 of each year of the biennium to the Legislative Budget Board and the Governor. This budget shall describe the purposes and amounts for which such funds will be expended by the state agency. No funds described in this budget may be expended by the state agency or institution of higher education until the Legislative Budget Board and the Governor receive the budget.
- b. Authorized managers of permanent funds and endowments whose earnings are appropriated to the Office of Rural Community Affairs shall provide a copy of year-end financial reports to the Legislative Budget Board and the Governor by November 1 of each year of the biennium. In no event shall the administrative costs to implement the provisions of the bill exceed three percent. Grants and program costs must compose at least 97 percent of the expenditures to implement the provisions of the bill.

**9. Informational Listing - Permanent Funds and Endowments.** The following is an informational list of the amounts used to capitalize certain Permanent Funds and Endowments created by House Bill 1676, Seventy-sixth Legislature and by Senate Bill 126, Seventy-seventh Legislature, and does not make appropriations.

- (A) the number of exams required for the state-chartered commercial banking industry under the jurisdiction of the Department of Banking, determined either as a function of assets, number of institutions, expanded specialty areas, or relative proportion of problem banks or problem bank assets in the state system, increases to a point where additional appropriations are required to maintain adequate regulation of the industry; or
- (B) federal regulatory resources applied to the Texas state-chartered commercial banking industry, determined as a function of assets, have been reduced; or
- (C) the Department of Banking is unable to maintain adequate supervision of the industry and is unable to meet its examination frequency performance measures due to reduction in the quality or quantity of its examination staff, resulting from either examiner turnover, or an inability to recruit adequately qualified examiners because of salary levels.
- (b) The following agencies may only collect and expend amounts listed below out of funds appropriated if the conditions in Section 6(a) are met:

## PART 3. SALARY ADMINISTRATION AND OTHER EMPLOYMENT PROVISIONS

### Sec. 3.01. Salary Rates.

- (a) For each fiscal year of the biennium beginning September 1, 2005 2007, annual salary rates for classified positions are as provided by the Classification Salary Schedules of § 2.01.
- (b) In addition to the limits under this Article, the State Classification Office shall review new exempt positions created during the interim and provide recommendations on the appropriate class title and salary group for these positions to the Legislature during the appropriations process.
- (c) ~~For the fiscal year beginning September 1, 2006, the salary of a classified employee shall be converted to the applicable salary schedule for fiscal year 2007 in this Act at the same salary rate in the same salary group in which paid in August 2006.~~
- (~~d~~) There is no authority to grant salary increases as part of the conversion of employees to Salary Schedules A, B, and C, except in the cases of:
  - (1) across-the-board salary increases authorized in this Act; or
  - (2) employees whose positions are reallocated or reclassified in accordance with §§ 654.0155, 654.0156, or 659.254, Government Code.
- (~~e~~) ~~Notwithstanding other provisions in this Act, agencies are authorized to pay salaries that are below or in excess of the designated salary ranges in § 2.01 as a result of the fiscal year 2006 conversion of employees to appropriate salary groups in Salary Schedules A and B. An employee hired by the State on or after September 1, 2005 2007, including interagency transfers, must be paid at a salary rate that falls within the salary range of the applicable salary group.~~

## ARTICLE IX - GENERAL PROVISIONS

### (CONTINUED)

**Sec. 5.02. General Travel Provisions.** The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

**Sec. 5.03. Failure to Comply.**

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

**Sec. 5.04. **Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.**

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is:

- (c) A state employee who travels outside of this state but within the continental United States shall be reimbursed for the employee's actual expenses for lodging and meals. However, the reimbursement may not exceed the maximum out-of-state meals and lodging rates, based on the federal travel regulations, issued by the Comptroller unless the Comptroller determines, in advance of travel, that local conditions necessitate a change in the lodging rate for a particular location. If an employee travels to a location where an allowance has not been set by the Comptroller, the Comptroller shall establish a rate for that location.

## ARTICLE IX - GENERAL PROVISIONS

### (CONTINUED)

- (d) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (e) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:

- (a) In this section "travel" refers only to travel outside the state of Texas, except as set forth in Subsection (k) of this section.
- (b)
  - (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed an amount equal to 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures including any excess travel expenditure amounts approved by waiver.
  - (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.
  - (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by Subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.
- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e)
  - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
  - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
    - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;

## ARTICLE IX - GENERAL PROVISIONS

- (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
  - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.
- (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
  - (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a local workforce development board, or a mental health mental retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.
  - (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
  - (i) Funds appropriated by this Act may not be used to pay expenses for a trip to foreign countries, except for Canada or Mexico, unless the board or commission of each state agency and institution of higher education has approved the travel before departure. A copy of the approval must be attached to each travel voucher submitted to the Comptroller. By October 1 of each year, each agency and institution of higher education must submit a report on all foreign travel with required approvals to the ~~Governor~~ Governor's Office and the Legislative Budget Board.
  - (j) In implementing this rider, state agencies shall review their travel policies in order to ensure that travel which is critical to the delivery of services consistent with the mission of the agency is not affected.
  - (k) Travel expenses incurred within the Washington, D.C. area by the Office of State-Federal Relations (OSFR) or its successor agency and by state agencies and institutions of higher education that are represented by their employees in the Washington, D.C. office of OSFR or its successor agency shall be considered in-state travel for the purpose of calculating the agencies' compliance with out-of-state travel limitation provisions.

#### ~~Sec. 5.09. Expenditures for Commercial Air Travel.~~

## PART 6. GENERAL LIMITATIONS ON EXPENDITURES

### Sec. 6.01. Definitions.

In this Act:

- (a) "Earned federal funds" means all moneys received in connection with each entitlement period of a federally funded contract, grant, or program, excluding reimbursements under § 8.02(c), which are not required by the governing agreement to be disbursed thereon. Typically, earned federal funds arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. Except for state agencies of higher education and their affiliated agencies whose earned federal funds are held outside the state treasury, the expenditure of funds received or earned by a state agency is limited to the appropriation authority granted to the agency. Any such excess funds remaining at the end of the ~~2004-05~~ 2006-07 biennium for an agency shall be returned to the General Revenue Fund. A state agency or institution participating in federally funded or other programs, where indirect cost reimbursements are an allowable part of charges to the program, shall establish procedures to maximize the recovery of such costs.
- (b) "Unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2006, unless another meaning is clearly indicated.

**Sec. 6.02. Interpretation of Estimates.** In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

**Sec. 6.03. Emergency and Deficiency Grants Out of Special Funds.** For the purposes of §§ 401.061 and 403.075, Government Code, appropriations to the ~~Office of the Governor~~ Governor's Office from "special funds" include excess revenues from General Revenue Fund-Dedicated accounts that were previously special funds above those estimated by the Comptroller in certifying this Act.

### Sec. 6.04. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.

or its successor agency may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.

- (c) A determination made by the Texas Building and Procurement Commission or its successor agency under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

**Sec. 6.05. Interpretation of Legislative Intent.** Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

**Sec. 6.06. Comptroller's Duty to Pay.** The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

**Sec. 6.07. Last Quarter Expenditures.**

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
  - (1) expenditures contracted for in previous quarters;
  - (2) funds required by statute, rule or regulation to be expended on a different time frame;
  - (3) seasonal employment of personnel;
  - (4) construction contracts;
  - (5) contracts dealing with purchases of food, medicines, or drugs;
  - (6) expenditures related to the Children with Special Health Care Needs (formerly known as "CIDC") program operated by the Department of State Health Services; and
  - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

**Sec. 6.08. Appropriation Transfers.**

- (a) Subject to any specific restriction in another provision of this Act, an appropriation contained in this Act may be transferred from one appropriation item to another appropriation item in an amount not to exceed 12.5 percent of the appropriation item from which the transfer is made for the fiscal year, at the discretion of the chief administrative officer of the state agency or institution.
- (b) As a specific exception to Subsection (a), funds appropriated for capital budget items are subject to restrictions contained elsewhere in this Act.
- (c) Funds appropriated by this Act in items of appropriation that are part of a Goal for "Indirect Administrative and Support Costs" or "Indirect Administration" may also be transferred from one appropriation item to another appropriation item within that same Goal without limitation as to the amount of such a transfer.

## ARTICLE IX - GENERAL PROVISIONS

### (CONTINUED)

- (d) Appropriations made by this Act to each state agency or institution of higher education are not subject to transfer between agencies or institutions except under the provisions of interagency contract, budget execution statutes, or specific rider or statutory authorization.

**Sec. 6.09. Transfers for Contract Services.** Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," and "Benefit Replacement Pay" may be transferred between Articles for similar appropriation items for the purpose of paying employee benefits costs incurred by higher education institutions when those institutions have contracted to provide services to state agencies.

**Sec. 6.10. Employee Benefit and Debt Service Items.**

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. - (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

**Sec. 6.11. Benefits Paid Proportional by Fund.**

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (including a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Governor's Office, Comptroller, and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The State Auditor shall at least biennially review agency and institution (including a community or junior college) compliance with the requirements of this section if the agency or institution (including a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

**Sec. 6.12. Appropriations from Special Funds.** Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

#### Sec. 6.13. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
  - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
  - (2) §§ 556.004, 556.005, and 556.006, Government Code;

#### Sec. 6.14. Limitation on State Employment Levels.

- (a) ~~(1) If the reduction of the number of full-time equivalent employees (FTEs) required by Subsection (a)(2) of this section would be impractical or inefficient in accomplishing the goals and strategies contained in the appropriations pattern of a state agency or institution of higher education or would impede new or expanded programs, law enforcement, tax collection activities, or other pressing public purposes, then the Legislative Budget Board and Governor's Office may consider requests for exemptions from the requirements of this Subsection (a) from those entities which demonstrate such circumstances.~~
- ~~2. The FTE limit shown in the bill pattern of state agencies and institutions of higher education appropriated funds under this Act are reduced by two percent (2%). This reduction does not apply to:~~
  - ~~A. a state agency or institution having fewer than 300 FTEs;~~
  - ~~B. the Office of the Governor Governor's Office;~~
  - ~~C. the Office of the Comptroller; or~~
  - ~~D. the Office of the Attorney General.~~
- (ba) Without the written approval of the ~~Governor~~ Governor's Office and the Legislative Budget Board, a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution.

## ARTICLE IX - GENERAL PROVISIONS

### (CONTINUED)

- (eb) A request by a state agency or institution of higher education to exceed or reduce the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:

- (b) A request for approval to exceed the transfer limitation on capital budget expenditures under Subsection (i) must be submitted by the agency's governing board and must include at a minimum:
- (1) the date on which the board approved the request;
  - (2) a statement justifying the need to exceed the limitation;
  - (3) the source of funds to be used to make the purchases; and
  - (4) an explanation as to why such expenditures cannot be deferred.
- (c) This restriction does not apply to:

- (g) Appropriations restricted to capital budget purposes and not identified in a "Capital Budget" as being for lease payments to the master lease purchase program (MLPP) or for other lease-purchase payments may be utilized to make lease payments under MLPP or for other lease or installment payments only if the agency to which the appropriation is made provides a report to the Comptroller specifying the sum of the lease payments to be made during the biennium for the Capital Budget item being acquired. The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. In the event that the Comptroller cannot determine the amount appropriated for a specific Capital Budget item, the amount shall be determined by the Legislative Budget Board.

- (2) Capital expenditures for items that could be financed through the utility savings made possible by a comprehensive energy and water conservation contract authorized by § 2166.406, Government Code, are prohibited unless part of a comprehensive energy and/or water conservation contract authorized under § 2166.406, Government Code.
- (2) Before authorizing expenditures for capital items that consume energy or water or that are related to the energy and/or water consumption of an agency's facilities, the Comptroller must verify that the items could not be part of a cost-effective contract for energy and water conservation measures authorized by § 2166.406, Government Code.

**Sec. 6.17. Construction Policy.** A state entity receiving an appropriation under this Act may not establish a rule or policy that is inconsistent with the legislative intent that funds appropriated by this Act for construction projects be expended only pursuant to state entity policies that provide the greatest competitive advantage to the state allowable under Chapter 2258, Government Code.

**Sec. 6.18. Grant Restriction.** Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

**Sec. 6.19. Expenditures for State-Federal Relations.**

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations or its successor agency to perform except when an interagency contract has been executed between the Office of State-Federal Relations or its successor agency and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations or its successor agency regarding:

clearly establishes and protects the property rights of the state with regard to any patentable product, process, or idea that might result from such research.

- (b) In order to avoid duplication, a state agency, excluding an institution of higher education, may not expend funds appropriated by this Act to conduct or support policy research on a subject within the statutory jurisdiction of another agency without providing prior written notification, to the agency that has the statutory jurisdiction, concerning a work plan and the coordination of resources.

#### **Sec. 6.21. Court Representation and Outside Legal Counsel.**

- (a) Except as otherwise provided by the Constitution or general or special statutes, the Attorney General shall have the primary duty of representing the State in the trial of civil cases. Prior to expenditure of funds for retaining outside legal counsel, agencies or departments (other than those included in Article X of this Act) shall request the Attorney General to perform such services. If the Attorney General determines that outside counsel is in the best interest of the State, the Attorney General shall so certify to the Comptroller and to the requesting agency which may then utilize appropriated funds to retain outside counsel. However, funds appropriated by this Act may not be used to contract with an attorney who represents clients before the agency or who has, during a six month period preceding the initiative of the contract and a six month period following the termination of the contract, represented clients before the agency. An agency may not initiate the process of selecting outside legal counsel prior to receiving the approval of the Attorney General to retain outside counsel.
- (b) Funds appropriated in this Act may not be expended by any agency of the state government (other than those included in Article X of this Act) to initiate a civil suit or defend itself against a legal action without the consent of the Attorney General. Absent this consent, the agency shall be represented in that particular action by the Attorney General.
- (c) On receipt of a request for outside counsel, the Attorney General shall make a determination on the request as expeditiously as possible, but in no event later than 10 working days after receiving such request.
- (d) Where the Attorney General, district attorney, criminal district attorney, county attorney, or other lawyer is required by constitutional or statutory provision to represent a state agency, state official, state board, or state department, compensation may not be paid from any appropriation made in this Act to any other attorney for representing the State in the trial of a civil suit except in those cases where the Attorney General consents to such representation or the district attorney, criminal district attorney, county attorney, or other lawyer has requested that the attorneys employed by the particular state agency, state official, state department, or state board assist with the trial of the particular civil suit.
- (e) This section does not restrict a state agency, state official, state department, or state board in the investigation and assembling of evidence in connection with a pending or prospective civil suit. This section does not prohibit the foregoing state officials, state agencies, state boards, or state departments and their employees from investigating, filing, or presenting to any person a claim, owing to the State.
- (f) This section does not restrict the Attorney General from employing special assistants to assist in the trial of civil suits to be paid from the appropriations therefore made to the Attorney General.
- (g) If a state agency requests the Attorney General to take legal action in court against another state agency, the Attorney General shall give special consideration to permitting one of the agencies to employ, from the permitted agency's funds, outside counsel to represent that agency in that action, in order to avoid a conflict of interest by the Attorney General in the representation of both agencies.
- (h) If the Attorney General initiates legal action against another state agency on behalf of the Attorney General rather than another agency, the Legislature determines that a conflict of interest exists and the agency against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that agency without the prior approval or consent of the Attorney General.

#### Sec. 6.22. Judgments and Settlements.

- (a) The funds appropriated by this Act, including appropriations made in Article X of the Act, may not be expended for payment of a judgment or settlement prosecuted by or defended by the Attorney General and obtained against the State or a state agency, except:
  - (1) pursuant to this section; or
  - (2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments or settlements.
- (b) The authorization provided by this subsection does not apply in those cases where the judgment order of the trial court was entered, or a settlement agreement was executed, prior to September 1, 1995. State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:
  - (1) such funds are to be paid out by the Comptroller on vouchers drawn by the agency settling the lawsuit or paying the judgment, subject to the approval of the ~~Governor~~ Governor's Office and of the Attorney General according to Subsection (d);

  - (5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.
- (c) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim. A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.
- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.
- (e) The Attorney General shall report to the Legislative Budget Board and the ~~Governor~~ Governor's Office not less than monthly, a listing of all settlements and judgments of more than \$5,000 submitted to the Comptroller for payment. ## **ARTICLE XI. SAVINGS CLAUSE**

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

## **ARTICLE XII. EMERGENCY CLAUSE**

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
